1. Introduction

1.1 About

LEAD College of Management recognizes the importance of experiential learning in preparing future business leaders. The internship program offers students, the chance to bridge the gap between theory and practice.

Through an internship, the student will gain valuable real-world experience by applying the knowledge and skills they acquire in the program. Students will have the opportunity to:

- Work on real-world business projects in a professional setting.
- Develop and refine essential skills like communication, teamwork, and problem-solving.
- Network with industry professionals and build valuable connections.
- Evaluate career interests and explore potential career paths.
- Gain a competitive edge in the job market upon graduation.

This internship policy outlines the guidelines and resources available to support towards successful internship experience.

1.2 Objectives

1. Gain practical experience applying classroom knowledge to real-world business challenges, enhancing critical thinking, problem-solving, and business analysis skills. (PO1)
2. Develop professional networks and build relationships with industry mentors, fostering leadership and teamwork skills. (PO1)
3. Explore career paths and develop professional goals based on real-world experiences, aligning with personal and organizational objectives. (PO1)
4. Enhance communication, teamwork, and interpersonal skills through collaborative projects and interactions with colleagues. (PO4)
5. Develop a competitive professional profile by acquiring practical skills and experience, demonstrating adaptability and innovation. (PO3)

1.3 Benefits

1.3.1 Benefits for the Industry

- Internships provide access to a pool of pre-qualified candidates ready for full-time employment upon graduation.
- Exposure to innovative ideas and approaches from students can lead to improved problem-solving and innovation within the company.
- Internship programs build relationships with universities and enhance the company's visibility on campus, attracting top talent.
- Interns can supplement existing staff and free them up to focus on more complex or strategic projects.
- Internships offer a low-cost way to assess potential employees before full-time hiring.
- By supporting internships, companies demonstrate their commitment to education and workforce development.

1.3.2 Benefits for Students

- Internships allow students to gain practical experience, validate career choices, and develop crucial professional skills.
- Students can apply classroom knowledge in a real-world setting, solidifying their understanding and promoting professional growth.
- Internships provide opportunities to acquire new technical and soft skills, like communication, teamwork, and time management.
- Students can expand their professional network by building relationships with industry professionals. • Internship experience strengthens resumes and makes students more competitive for future jobs or higher education opportunities.

1.3.3 Benefits for the College

- Internship programs foster collaboration with companies, leading to valuable connections and potential research opportunities.
- Practical experience from internships can increase student employability after graduation. • Strong internship programs contribute to a university's reputation for preparing students for successful careers.
- Feedback from industry partners gleaned through internships can inform curriculum revisions and ensure programs stay relevant to current needs.
- Internships can inform teaching methods and provide faculty with insights into industry expectations for graduates.

1.4 Duration

The duration of the internship for the 2024-26 batch will be as follows:

Year	Program	Duration of Internship	Dates
2024	First Internship	3 Months	1-Oct'24 To 31-Dec'24
2025	Second Internship	3 Months	Shall be Communicated
	Third Internship	3 Months	Shall be Communicated

2. Sourcing Internship Opportunities

Students are required to source their internship on their own. The College also shall facilitate internship opportunities.

- Students may opt for companies according to the below criteria:
- Offline Internship Opportunities
- Involving in the actual process of the company
- In the area of interest of the student
- PPO Possibility
- Internship placements will prioritize locations outside of the intern's hometown.

Minimum Annual Turnover of the company opted should be Rs. 10 crore. •

Students can source internships on their own and may do it by the below prescribed

ways: • Professional Networking

- LinkedIn
- Job & Internship Portals
- Company Websites
- Alumni or Senior's Contacts
- Personal References
- Mentor References
- Direct approach to companies

Opportunities shared by the Placement shall be categorised into two

1. Sensitive Company
2. Non-Sensitive Company

These categories of opportunities shall be communicated to students while the internship opportunity has been shared.

1. Sensitive Company

Some companies are considered sensitive if they take into account of certain factors, such as MOUs with the college, location, brand value, and stipend.

These companies will be communicated to and written about as “**SENSITIVE COMPANY**” while they are being displayed.

Once a student gets an internship offer confirmation in a sensitive company, He/she should mandatorily undergo an internship there. Any deviation from this shall be given a Ban from applying for the first seven placement opportunities shared by the placement cell.

The students applied in the sensitive company, if fail to attend the selection process for the same shall be banned from applying for all further internship opportunities shared by the college. **2. Non-Sensitive Company**

Any other company shared by the college without mentioning “Sensitive Company” tag shall be a non sensitive company.

- Students must choose companies with annual turnover of more than 10 crore rupees.

2.1 Approval of Internship Company

- Once a student has confirmation of the internship from the company, the approval of Placement Officer is required to pursue the internship.
- An email requesting approval should be sent to ajay@lead.ac.in, with a copy to internship@lead.ac.in and a copy to respective mentor's email Id.
- The Approval Request email shall be in the below format.
Email Subject: Internship Approval-Semester (no)-Batch (Year)-MG (no)-Student Name.

1	Student Name	
2	MG.no	
3	Specialization interest	
4	Name of Company	
5	MNC-Yes/No	
6	Company Turnover	
7	Location of Internship	
8	Internship start date	
9	Internship end date	
10	Stipend per month	
11	Reporting Manager's name	
12	Reporting Manager's designation	
13	Reporting Manager's email id	
14	Reporting Manager's contact number	

- Internship offer letter or email confirmation from the college to be attached with the email.
- Students should take approval of internship at least 15 days before starting date of internship.
- No internship Approvals will be given after the deadline.

3. Guidelines

3.1 Pre-Internship Phase

- **All students should complete all three internships during their academic tenure.** • If a company provides information regarding pre-internship interviews, an announcement will be put on the notice board/ will receive an email (on LEAD Email ID) and a WhatsApp message (on registered mobile/official WhatsApp group)/ Superset about the same with a brief overview of the company, the job description, the location, and the stipend details.
- The student is responsible for viewing the messages regarding internship interviews posted on the LEAD notice board/via email, and WhatsApp. Further clarification if any the student can contact the placement officer.
- Students can select internships based on their area of interest.
- Students can apply for any number of internship opportunities till getting an internship offer and can continue applying for any number of internship opportunities if the result is pending or if the candidate is not shortlisted by the company.
- Before attending any interview, it is the sole responsibility of the student to read and clearly understand the profile of the company, internship location, position applied for stipend, etc.
- Students maintaining a minimum 75% attendance in academics and value-added courses and 90% attendance in the pre-internship trainings are permitted to appear for internship opportunities. • If a student is not seen groomed for the selection process shall be banned from applying for further internship opportunities shared by the college.
- Students must attend all the pre-internship screening sessions: The registered students must show up without fail for those sessions and accept all the training, tests, group discussions, and interviews. • Faculty Mentor would be able to guide the students to get internships and ensure that all to get approval for the placement office before 15 days before the internship commences.

3.2 During Internship Phase

- The student must not quit the internship within the due time allotted for the internship by the college. • Should maintain proper grooming etiquette during the period of internship. College ID is to be mandatory worn on all the days of the internship.
- Students must be in contact with the reporting manager and respective mentors during the internship. • If any queries regarding the internship, must send an email to the ajay@lead.ac.in, cc: internship@lead.ac.in, and mentor's mail ID addressing the issue.
- In case of Any leave, the student must prior send a mail stating the genuine reason for the leave. Only approved leaves can be taken. The leave application should be mailed to the faculty mentor keeping ajay@lead.ac.in and internship@lead.ac.in in cc.
- Any kind of improper behavior during the internship will lead to exemption from the course of the internship and future placements provided by the college.
- The college will not bear any kind of expenses for the internships for the students. • Students must follow all the rules and regulations of the company during the internship. •

Faculty Mentors must conduct

1. Weekly one-to-one mentor-mentee meetings
 2. Fortnight video call mentor group meetings
 3. Monthly Meeting with reporting manager,
- during each course of internship and the feedback of the same shall be reported to the Deputy Director in the prescribed report format.
- The Faculty Mentors must be in regular contact with the reporting manager during the course of internship (once in a month).
 - Faculty Mentors need to make sure that the company's feedback form is gathered. • Absenteeism, premature abandonment, non-submission of reports, misconduct at the workplace, unprofessional behaviour, etc. are non-exhaustive examples of serious misconduct during the program. In case the student intern is found to have indulged in serious misconduct, the student intern is liable for any of the punitive actions, including cancellation of internship, withdrawal of final placement assistance, or rustication from the program/college, depending on the severity of inappropriate conduct.

3.3 Post-Internship Phase

- Students must bring all necessary prescribed annexures after the completion the of internship.
 1. Internship Report
 2. Daily Logbook
 3. Internship Completion Certificate
 4. Reporting Manager Feedback Form
- Internship viva shall be conducted after each course of the internship, and it is mandatory and shall be attend each internship viva.
- The Faculty Mentor should ensure that the students are submitting all the supporting documents after course of internship.

4. Role And Responsibilities

4.1 Faculty Mentor

The role of the faculty mentor is to facilitate the Intern to undertake a meaningful on-the-job training and summer training report, provide necessary operational and academic guidance, and facilitate evaluation, with the help of the company/industry mentor while the summer internship is in progress. The faculty mentor would be involved at all stages of summer internship.

Expectations from faculty mentor-

- Prepare the students for the internship.
- Get actively involved in identifying the Summer Internship for the mentees.
- Evaluate and approve the mentee's summer internship project.
- Record the mentee's offer letter in the student's file.
- Summer Internship manual to be shared with the company.
- A faculty mentor can assist students in securing internships and make sure that all applications are approved by the placement office at least 15 days prior to the start of the internship.
- Familiarize interns with fortnightly report submissions, evaluation process, and parameters.
- Guide/facilitate student interns in achieving the targets/tasks as assigned by the summer internship company and tracking their performance on a weekly/ fortnightly.
- Be in touch with the Company Mentor and visit the company twice or thrice during the summer internship period to get regular feedback about the intern's performance in the company.
- In case the student is doing an internship in family business, the mentor will visit and record the mentee's performance.
- Faculty Mentors is to conduct a weekly one-to-one mentee wise meetings discussion and a fortnight video call mentor group meetings during each course of internship and the feedback of the same shall be reported to the Deputy Director.
- After the internship, the faculty mentor is responsible for making sure the students turn in all required documents.

Faculty mentors should try to hold discussions with the company mentor along with the interns. This would help the faculty mentor to assess the student's progress in his/her respective project, and the quality, and the quantity of work put in by the interns. These discussions would also help the faculty mentor to judge the behaviour of the interns in the company, and the relationship the interns maintain with the other executives/staff of the company.

4.2 Reporting Manager

The intern is expected to be rotated in various functional areas of the company to provide him/her knowledge and experience of the functioning of the same. In addition, the Intern is to be assigned a project on a theme relevant to the needs of the company and keeping in mind the interest area of the student.

Induction to make the trainees familiar with the hierarchy of the company.

- Training - work related training, field training, data collection training, and presentation of the report.
- Target-sets target to make trainees complete their report in time.
- Assessment- target achieved and provide feedback.
- Staying connected with the faculty mentor.

5. Internship Reporting SOP

5.1. Students Reporting

5.1.1 Attendance & Daily Reporting

- Students can mark their daily attendance via Google form link shared or any other prescribed format shared by the Placement Cell.
- Daily reporting in the prescribed format is mandatory for acquiring attendance for that day.

While uploading geo-tagged photo, the below-mentioned contents should be visible:

1. The student at his/her work area.
 2. Company logo on the background.
 3. Accurate date and time.
 4. Geographic location.
- Violating any of the above-mentioned criteria, the student shall be marked as absent.
 - Attendance shall be given to those students submitting the report every day from 4 pm to 11:59 pm.
 - Students must complete weekly assignments provided by the college during the internship.

5.1.2 Internship

Week-offs

- Four days per month can be considered as week-offs, for which students need not fill in the daily reporting form.
- On any other off days, students are required to pursue an online course and details in the same should be recorded in the daily reporting form.

5.1.3 Fortnight Meetings

- There will be fortnight meetings between the students and their respective mentors, and it is mandatory to attend those meetings to review the internship progress.
- There will be monthly meetings between the mentors and the reporting authority to discuss the performance of the students.

5.2. Faculty Reporting

5.2.1 Contacting Reporting Manager

8

- Faculty mentor is required to have a continuous meeting with reporting mentor during the first week of all the months of internship tenure.
- After contacting the reporting manager, the faculty mentors shall submit the report of the same to the Dean-Academics before the mentioned date.

5.2.2 Fortnight Mentor Meeting

- Faculty mentors shall be hosting Video call mentor meetings every fortnight with mentees and details of the same shall be reported to the Dean-Academics.
- Faculty Mentors is to conduct a weekly one-to-one mentee wise meetings discussion and a fortnight video call mentor group meetings during each course of internship and the feedback of the same shall be reported to the Deputy Director.

6. Evaluation of the Internship

- The credit allocation listed below is predicated on and will be directly correlated with the internship score.

Course Code	Course Title	Duration	Total Credit
LB24CIN1	Internship 1	1-Oct'24 to 31-Dec'24	3
LB24CIN2	Internship 2	Shall be Communicated	3
LB24CIN3	Internship 3	Shall be Communicated	4

6.1 Internship Score

An internship score can be a useful tool for evaluating intern performance and informing decisions within your internship program. Here is how to define an internship score for your internship policy: What the Internship Score Represents:

- Overall Performance: The score reflects the intern's performance across various aspects of the internship.
- Specific Skill Development: Focuses on the intern's development of specific skills relevant to the internship and the intern's field of study.

Components of the Internship Score:

- Performance Evaluations: Regular evaluations on key skills, initiative, problem-solving, communication, etc.
- Project Deliverables: Quality, completion timeliness, and impact of projects assigned to the intern.
- Self-Assessment: Intern reflection on their learning, goal achievement, and contributions. Using the Internship Score:
- Performance Feedback: Provide constructive feedback to interns based on their score.
- Future Internship/Placement Opportunities: Consider the score for selecting interns for future placement opportunities.
- Internship Score Criteria will be sent to the students before each internship cycles.
